CORK, Ireland — May 7, 2025 — <u>Johnson Controls International plc</u> (NYSE: JCI), a global leader for smart, safe, healthy and sustainable buildings, today reported fiscal second quarter 2025 GAAP earnings per share ("EPS") of \$0.71. Adjusted EPS was \$0.82.

Sales in the quarter of \$5.7 billion increased 1% over the prior year on an as reported basis and 7% organically. GAAP income from continuing operations was \$473 million. Adjusted income from continuing operations was \$545 million.

"The Johnson Controls team delivered strong second quarter results, highlighted by organic sales growth, margin expansion and record backlog," said Joakim Weidemanis, CEO. "The results reflect the strengthened execution from our team as well as broad-based and sustained demand for our differentiated solutions. We have a strong foundation in place and by starting to increase customer focus and implement lean and business system approaches, we can take the first step to accelerate our momentum and enhance value for all of our stakeholders."

FISCAL Q2 SEGMENT RESULTS

The financial highlights presented in the tables below exclude discontinued operations and are in accordance with GAAP, unless otherwise indicated. All comparisons are to the second quarter of fiscal 2024.

A slide presentation to accompany the results can be found in the Investor Relations section of Johnson Controls' website at <u>http://investors.johnsoncontrols.com</u>.

| Adjusted (non-GAAP) | | 135 | | 83 | 63% | | | | | |

Corporate expenses increased over the prior year as a result of certain corporate accruals combined with the impact of stranded costs from the planned divestiture of the R&LC HVAC business. Adjusted Corporate expense in Q2 2025 excludes certain transaction/separation costs and transformation costs. Adjusted Corporate expense in Q2 2024 excludes certain transaction/separation costs and cyber incident costs.

OTHER Q2 ITEMS

- Cash provided by operating activities was \$550 million. Free cash flow was \$456 million and adjusted free cash flow was \$463 million.
- The Company paid dividends of \$245 million.
- The Company repurchased 4.1 million shares of common stock for \$330 million.

GUIDANCE

The following forward-looking statements regarding organic sales growth, adjusted segment EBITA margin, adjusted segment EBITA margin improvement, adjusted EPS and adjusted free cash flow conversion are non-GAAP financial measures and are presented on a continuing operations basis excluding the Residential and Light Commercial HVAC business, which was classified as discontinued operations beginning in the fiscal fourth quarter of 2024. These non-GAAP financial measures are derived by excluding certain amounts from the corresponding financial measures determined in accordance with GAAP. The determination of the amounts excluded is a matter of management judgment and depends upon, among other factors, the nature of the underlying expense or income amounts recognized in a given period and the high variability of certain amounts, such as mark-to-market adjustments. Organic revenue growth excludes the effect of acquisitions, divestitures and foreign currency. The Company is unable to present a quantitative reconciliation of the aforementioned forward-looking non-GAAP financial measures to its most directly comparable forward-looking GAAP financial measures to its most directly comparable forward-looking GAAP financial measures without unreasonable effort or expense. The unavailable information could have a significant impact on the Company's fiscal 2025 third quarter and full year GAAP financial results from continuing operations.

The Company initiated fiscal 2025 third quarter guidance:

- · Organic sales growth of mid-single digits
- Adjusted segment EBITA margin of ~17.5%
- Adjusted EPS before special items of ~\$0.97 to \$1.00

The Company raised fiscal 2025 full year guidance:

- Organic sales growth of mid-single digits (unchanged)
- Adjusted segment EBITA margin improvement of ~90 basis points year-over-year (previously more than 80 bps)
- Adjusted EPS before special items of ~\$3.60 (previously ~\$3.50 to \$3.60)
- Adjusted free cash flow conversion of ~100% (previously ~90%+)

JOHNSON CONTROLS INTERNATIONAL PLC CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

Johnson Controls International plc has made statements in this communication that are forward-looking and therefore are subject to risks and uncertainties. All statements in this document other than statements of historical fact are, or could be, "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. In this communication, statements regarding Johnson Controls' future financial position, sales, costs, earnings, cash flows, other measures of results of operations, synergies and integration opportunities, capital expenditures, debt levels and market outlook are forward-looking statements. Words such as "may," "will," "expect," "intend," "estimate," "anticipate," "believe," "should," "forecast," "project" or "plan" and terms of similar meaning are also generally intended to identify forward-looking statements. However, the absence of these words does not mean that a statement is not forward-looking. Johnson Controls cautions that these statements are subject to numerous important risks, uncertainties, assumptions and other factors, some of which are beyond its control, that could cause its actual results to differ materially from those expressed or implied by such forward-looking statements, including, among others, risks related to: Johnson Controls' ability to manage macroeconomic and geopolitical volatility, including changes to laws or policies governing foreign trade, including tariffs, economic sanctions, foreign exchange and capital controls, import/export controls or other trade restrictions as well as supply chain disruptions; the ability of Johnson Controls to manage general economic, business and capital market conditions, including the impacts of trade restrictions, recessions, economic downturns and global price inflation; Johnson Controls' ability to develop or acquire new products and technologies that achieve market acceptance and meet applicable quality and regulatory requirements; the ability of Johnson Controls to execute on its operating model and drive organizational improvement; Johnson Controls' ability to successfully execute and complete portfolio simplification, including the completion of the divestiture of the Residential and Light Commercial business, as well as the possibility that the expected benefits of such actions will not be realized or will not be realized within the expected time frame; the ability to hire and retain senior management and other key personnel, including successfully completing Johnson Controls' Chief Executive Officer transition; the ability to innovate and adapt to emerging technologies, ideas and trends in the marketplace, including the incorporation of technologies such as artificial intelligence; fluctuations in the cost and availability of public and private financing for Johnson Controls' customers; the ability to manage disruptions caused by international conflicts, including Russia and Ukraine and the ongoing

conflicts in the Middle East; managing the risks and impacts of potential and actual security breaches, cyberattacks, privacy breaches or data breaches, maintaining and improving the capacity, reliability and security of Johnson Controls' enterprise information technology infrastructure; the ability to manage the lifecycle cybersecurity risk in the development, deployment and operation of Johnson Controls' digital platforms and services; fluctuations in currency exchange rates; changes or uncertainty in laws, regulations, rates, policies, or interpretations that impact Johnson Controls' business operations or tax status; the ability to adapt to global climate change, climate change regulation and successfully meet Johnson Controls' public sustainability commitments; the outcome of litigation and governmental proceedings; the risk of infringement or expiration of intellectual property rights; Johnson Controls' ability to manage disruptions caused by catastrophic or geopolitical events, such as natural disasters, armed conflict, political change, climate change, pandemics and outbreaks of contagious diseases and other adverse public health developments; any delay or inability of Johnson Controls to realize the expected benefits and synergies of recent portfolio transactions; the tax treatment of recent portfolio transactions; significant transaction costs and/or unknown liabilities associated with such transactions; labor shortages, work stoppages, union negotiations, labor disputes and other matters associated with the labor force; and the cancellation of or changes to commercial arrangements. A detailed discussion of risks related to Johnson Controls' business is included in the section entitled "Risk Factors" in Johnson Controls Annual Report on Form 10-K for the fiscal year ended September 30, 2024 filed with the SEC on November 19, 2024, which is available at www.sec.gov and www.johnsoncontrols.com under the "Investors" tab. The description of certain of these risks is supplemented in Item 1A of Part II of Johnson Controls subsequently filed Quarterly Reports on Form 10-Q. Shareholders, potential investors and others should consider these factors in evaluating the forward-looking statements and should not place undue reliance on such statements. The forward-looking statements included in this communication are made only as of the date of this document, unless otherwise specified, and, except as required by law, Johnson Controls assumes no obligation, and disclaims any obligation, to update such statements to reflect events or circumstances occurring after the date of this communication.

FOOTNOTES

1. Sale of Residential and Light Commercial HVAC Business

The Company signed a definitive agreement in July 2024 to sell its Residential and Light Commercial ("R&LC") HVAC business, which includes the North America Ducted businesses and the global Residential joint venture with Hitachi Global Life Solutions, Inc. ("Hitachi"), of which Johnson Controls owns 60% and Hitachi owns 40%. The R&LC HVAC business, which was previously reported in the Global Products segment, meets the criteria to be classified as a discontinued operation and, as a result, its historical financial results are reflected in the consolidated financial statements as a discontinued operation, and assets and liabilities were reclassified as held for sale for all periods presented. Unless otherwise noted, all activities and amounts reported in the following footnotes include only continuing operations of the Company and exclude activities and amounts related to the R&LC HVAC business.

2. Non-GAAP Measures

The Company reports various non-GAAP measures in this earnings release and the related earnings presentation. Non-GAAP measures should be considered in addition to, and not as replacements for, the most comparable GAAP measures. Refer to footnotes three through eight for further information on the calculations of the non-GAAP measures and reconciliations of the non-GAAP measures to the most comparable GAAP measures.

Organic sales

Organic sales growth excludes the impact of acquisitions, divestitures and foreign currency. Management believes organic sales growth is useful to investors in understanding period-over-period sales results and trends.

Cash flow

Management believes free cash flow and adjusted free cash flow measures are useful to investors in understanding the strength of the Company and its ability to generate cash. These non-GAAP measures can also be used to evaluate the Company's ability to generate cash flow from operations and the impact that this cash flow has on its liquidity. Management also believes adjusted free cash flows are useful to investors in understanding period-over-period cash flows, cash trends and ongoing cash flows of the Company.

Adjusted free cash flow and adjusted free cash flow conversion are non-GAAP measures which exclude the impacts of the following:

- JC Capital cash flows primarily include activity associated with finance/notes receivables and inventory and/or capital expenditures related to lease arrangements. JC Capital net income is primarily related to interest income on the finance/notes receivable and profit recognized on arrangements with sales-type lease components.
- Effective January 1, 2024, the Company has excluded the impact of discontinuing its accounts receivables factoring programs from adjusted free cash flow and adjusted free cash flow conversion. The Company has also re-baselined the prior year adjusted free cash flow measures to present a more comparative measure without the impact of factoring.
- Cash payments related to the water systems AFFF settlement and cash receipts for AFFF-related insurance recoveries.

Adjusted financial measures

Adjusted financial measures include adjusted segment EBITA, adjusted segment EBITA margin, adjusted net income, adjusted earnings per share, adjusted EBIT, adjusted EBITDA and adjusted corporate expenses. These non-GAAP measures are derived by excluding certain amounts from the corresponding financial measures determined in accordance with GAAP. The determination of the excluded amounts is a matter of management judgment and depends upon the nature and variability of the underlying expense or income amounts and other factors.

As detailed in the tables included in footnotes five through eight, the following items were excluded from certain financial measures:

- Net mark-to-market adjustments are the result of adjusting restricted asbestos investments and pension and postretirement plan assets to their current market value. These adjustments may have a favorable or unfavorable impact on results.
- Restructuring and impairment costs, net of NCI represents restructuring costs attributable to Johnson Controls including costs associated with exit plans or other restructuring plans that will have a more significant impact on the underlying cost structure of the organization. Impairment costs primarily relate to write-downs of goodwill, intangible assets and assets held for sale to their fair value.
- Water systems AFFF settlement and insurance recoveries include amounts related to a settlement with a
 nationwide class of public water systems concerning the use of AFFF manufactured and sold by a subsidiary of the
 Company, and AFFF-related insurance recoveries.
- Transaction/separation costs include costs associated with significant mergers and acquisitions.
- Transformation costs represent incremental expenses incurred in association with strategic growth initiatives and cost saving opportunities in order to realize the benefits of portfolio simplification and the Company's lifecycle solutions strategy.
- **Earn-out adjustments** relate to earn-out liabilities associated with certain significant acquisitions and may have a favorable or unfavorable impact on results.
- Cyber incident costs primarily represent expenses, net of insurance recoveries, associated with the response to, and remediation of, a cybersecurity incident which occurred in September 2023.
- Global Products product quality costs are costs related to a product quality issue within the Global Products
 segment that is unusual due to the magnitude of the expected cost to remediate in comparison to typical product quality
 issues experienced by the Company.
- Loss on divestiture relates to the sale of the ADTi business.
- **EMEA/LA joint venture loss** relates to certain non-recurring losses associated with the equity method accounting of a joint venture company.
- **Discrete tax items, net** includes the net impact of discrete tax items within the period, including the following types of items: changes in estimates associated with valuation allowances, changes in estimates associated with reserves for uncertain tax positions, withholding taxes recorded upon changes in indefinite re-investment assertions for businesses to be disposed of, impacts from statutory rate changes, and the recording of significant tax credits.
- Related tax impact includes the tax impact of the various excluded items.

Management believes the exclusion of these items is useful to investors due to the unusual nature and/or magnitude of the amounts. When considered together with unadjusted amounts, adjusted financial measures are useful to investors in understanding period-over-period operating results, business trends and ongoing operations of the Company. Management may also use these metrics as guides in forecasting, budgeting and long-term planning processes and for compensation purposes.

Debt ratios

Management believes that net debt to adjusted EBITDA, a non-GAAP measure, is useful to understanding the Company's financial condition as the ratio provides an overview of the extent to which the Company relies on external debt financing for its funding and also is a measure of risk to its shareholders.

The following table reconciles the denominators used to calculate basic and diluted earnings per share (in millions; unaudited):

| | Three Months E 31, | nded March | | Ende 31, | Ended March 1, | | |
|---|-----------------------|------------|----------|-------------|-------------------|--|--|
| | 2025 | 2024 | 2025 | | 2024 | | |
| Weighted average shares outstanding | | | | | | | |
| Basic weighted average shares outstanding | 659.1 | 679 | \$ 660.6 | \$ | 679.9 | | |
| Effect of dilutive securities: | | | | | | | |
| Stock options, unvested restricted stock and unvested performance share awards | 1.9 | _ | 2.4 | | 1.6 | | |
| Diluted weighted average shares outstanding | 661.0 | 679.0 | 663.0 | | 681.5 | | |

For the three months ended March 31, 2024, the total number of potential dilutive shares due to stock options, unvested restricted stock and unvested performance share awards was 1.6 million. However, these items were not included in the computation of diluted loss per share for the three months ended March 31, 2024 since to do so would decrease the loss per share.
